On January 21, 2021, the Planning Board held a public hearing on the Master Plan for Water and Sewerage, 2020 Amendment, as presented by the Department of Public Works (DPW). The amendment proposed to add the Cattail Creek Country Club to the inventory of existing wastewater treatment plants and to the list of existing and planned permit discharges in the 2015 Water and Sewer Master Plan.

In accordance with County policies and procedures, specifically Section 22.405, the Water and Sewer Master Plan and associated amendments are required to be consistent with the General Plan. Since this amendment does not require a connection to the PSA, as it will utilize a multi-user sewerage system, and is not impacting residential or job growth projections, it is found to be consistent with PlanHoward 2030.

The Board was in agreement that the amendment was consistent with the General Plan and recommended approval 5-0.
